## EXPRESSION OF INTEREST FORM

### PILOT MENTORING PROGRAMME

The Academy intends to pilot a mentoring programme in the coming months. We are inviting Medical Scientists to express their interest in learning more about mentoring in order that they might consider mentoring fellow Academy members in the future. An expression of interest will not be considered a commitment to participate but will allow us to invite interested parties to information and training events.

I am interested in hearing more about how I can take part in this pilot programme as a **Mentor**.
