

The Academy of  
Clinical Science and  
Laboratory Medicine

## MENTEE EXPRESSION OF INTEREST FORM

### The Academy of Clinical Science and Laboratory Medicine PILOT MENTORING PROGRAMME

The Academy intends to pilot a peer mentoring programme in the coming months. We are inviting Medical Scientist's at any stage of their career to express their interest in learning more about being mentored by a fellow Academy member in the future, with regard to professional development. An expression of interest will not be considered a commitment to participate but will allow us to invite interested parties to information and training events.

I am interested in hearing more about how I can take part in this pilot programme as a **Mentee**.
