

## **Academy of Clinical Science and Laboratory Medicine** **Bursary Awards**

**These bursaries are designed to support the Medical Science profession in promoting and developing their research and education.**

### **Who can apply?**

This bursary is available to all current members and fellows of the Academy of Clinical Science and Laboratory Medicine (Academy) who fulfil one of the following criteria:

1. An Academy member who has had their work accepted for either oral or poster presentation at a national or international conference.
2. An Academy member who is undertaking post graduate studies in an area relevant to laboratory medicine such as short courses\*.
3. An Academy member who is a leading author of a journal article that has been accepted for publication.

### **What can the bursary be used for?**

The Academy may provide bursaries of varying amounts.

- Attendance at a national or international conference
- Further study to enhance specialisation\*
- Publication of research relevant to the profession by assisting with publication/article processing fees.

Bursaries awarded are subject to available funds in the Academy

### **When can I apply?**

Applications for this competition will be open all year round

Applications will be accepted up to a maximum of six months after payment of fees (for which the bursary is sought) by the applicant.

### **How do I apply?**

Download the application form from [acslm.ie](http://acslm.ie) and submit by post to Academy Bursary Competition, The Academy of Clinical Science and Laboratory Medicine, 31 Old Kilmainham, Dublin 8, or email scanned, signed application with the subject title: Academy Bursary Competition to [mail@acslm.ie](mailto:mail@acslm.ie).

### **Feedback to the Academy**

Successful applicants will be required to submit a summary of their work for publication in Converse. The attendee will also supply full original receipts outlining how the bursary was spent.

\*Level 9 MSc fees are not eligible for this bursary

### **Application Form for Bursary Awards Competition**

#### **Review Process and Terms and Conditions**

This bursary is to support ongoing education and research, and dissemination of research findings by members of the Academy to promote Medical Science and research throughout the profession.

Applications from current members of the Academy will be received all year. The applicant must be a full member or fellow of the Academy.

All applications will be anonymised and reviewed by the members of the Education Committee.

Academy Council will approve the winners, agree the number to be awarded and the amount of money to be awarded to each candidate

**Lobbying, emailing or telephoning the judges on either the Education Committee or Council about applications will result in disqualification.**

The Academy reserve the right to select the candidates for bursaries whose research is considered most beneficial to the field of medical science and the promotion and engagement of the profession in Biomedical research and development.

The applicant must have their abstract accepted for the proposed conference. If the abstract is not accepted, the money will not be made available for the candidate to travel to the conference.

Or

The applicant must have been accepted for a place on the course in question. If the applicant has not been accepted, the money will not be made available for the candidate.

Or

The applicant must have their abstract accepted for publication in a reputable journal. If the abstract is not accepted, the money will not be made available for the candidate to use for article processing/publication fees.

#### **Please Note:**

This bursary cannot be used to undertake skills training required for provision of diagnostic services, which should be provided by the employer.
